Make it Sparkle with Rhinestone Components

We offer an extensive selection of high quality rhinestone components for fashion jewelry, textiles, accessories, giftware and more.

Many of the rhinestone components we stock are available in colors, coatings and metal finishes in addition to those presented in this catalog. We invite you to visit our website to see a more complete selection, or contact us to see what's possible.

Preciosa Crystal Rhinestone Components

Look for the Preciosa logo on pages featuring products made with Preciosa Czech crystals. Most of these items can be ordered with the stone qualities described below. (For facet diagrams of each crystal type, please see page 17.)

MAXIMA & MAXIMA Pure

Preciosa's premier quality flat back rhinestones and point back chatons give maximum sparkle to stones in settings, rondelles, beads, pins, rivets, grommets and rhinestone cup chain.

VIVA12®

The 12-faceted VIVA12® flat back MC Chaton Rose rhinestone sparkles with superior optical properties and durability. It's available on banding and rose montees (sew-on stones).

Optima

This classic 8-faceted cut gives a vintage feel to rhinestone cup chain and rhinestone ball beads.

CHANNEL CHAIN (WITH PRECIOSA MC CHANNEL STONES)

Channel chain was first made popular by legendary french designer Coco Chanel, who used it in her iconic multi-strand necklaces. This superior quality chain is fabricated in the USA with round machine cut crystal channel stones from Czech crystal brand Preciosa. Each stone is bezel set in lustrous raw brass, ready for you to plate. The bezel settings allow light to shine through the stones which are linked to open jump rings, resulting in a versatile and elegant chain with amazing sparkle.
